God's Word...

"Rejoice in the Lord always. I will say it again: Rejoice!"
Philippians 4:4 NIV

Dear Parents!

As we enter our fourth week of school, it may be obvious to some that we have increased our academic seat time in Kindergarten through 8th grade. It has been and always will remain our foundational core value to continue to maintain high academic standards . We were able to achieve this by optimizing student passing time and allowing specialists to have continuous instructional time as well as lengthening the school day for the middle school students.

Celebrating Art

Celebrating Art is dedicated to promoting the arts, while showing a proven method of motivating, inspiring and encouraging a child in the arts. At the same time meeting classroom objectives. This is free, so no entry fees or requirements to purchase anything, and your child gets the opportunity to possibly be published in a beautiful, full colored hard bound book. How exciting! There is no requirement to purchase the book, but it is a wonderful record of your child's work and it adds to the students portfolio. This is offered each quarter during the year. So, keep entering to show your creativity!

Students from grades K-12 who entered the "Celebrating Art" contest during summer 2016.

Winning Students:

- Riley Gavin (2) now in (3)
- Sophia Go (3) now in (4)
- Hildana Hailu (4) now in (5)
- Sophia Ontanillas (4) now in (5)
- Kathryn Petrov (3) now in (4)
- Skyler Tan (4) now in (5)

Postcards will be sent home in 2 weeks, showing a proof of what is being published. At that time, parents will sign a permission slip and may choose to purchase a book for their home.

Week 2 of APEX begins today. You have likely seen the APEX athletes on campus and hopefully your students have told you about the lessons from last week, Learn, Engage and Give. But we are not done yet. While our school is off to an amazing start, we need to reach higher and strive harder to make this the most successful fun run yet. Keep those pledges coming! Ask family and friends from Alaska to Florida to pick in and sponsor your student. Anything from a \$10 flat pledge to a \$5/lap pledge gets us closer to our goal.
